

## Create a masterpiece

5 Housepoints

Create a model volcano. You may use a plastic bottle and Paper Mache the

Hand In Date

4th January 2022

This half term's Parent's Win  
Points Project is:

Earthquakes

Science

5 Housepoints

Have a go at completing the first experiment following the youtube link. Take photos and record which type of tower would most likely last in an earthquake.

Watch to 3min 40s.

<https://youtu.be/TLsqVjtrovo>

You may complete more experiments

English

2 Housepoints

From the case studies we have looked at, write a diary entry for someone who lived through an earthquake or volcanic eruption. Think about how they would feel, what they would see, hear, smell, and what they may have lost.

Put your computing skills to the test

3 Housepoints

On purple mash create either a:

Earthquake leaflet full of interesting earthquake facts. Search 'earthquakes'
