

In Design Technology, we will be:

- Completing the bridge building challenge!
- Working in teams to design, create prototypes, test and evaluate bridge structures.
- Creating a final structure and testing using a speci-

In RE we will be learning about:

- How we perceive God
- How others view God

### Parents Notice Board.

- Please ensure your child has their reading book in school every day.
- They will need their PE kits on Tuesdays.
- Please ensure that homework is completed by Thursday.

Thank you.

# Go with the flow

Year 5  
IPC Topic

November-December

## Our Entry Point...

As an introduction to our topic, we will be researching rivers of the world and discussing how our lives would be different without readily available water. Additionally we will also be exploring the

## In English we will be exploring:

- Short stories
- Journalist writing

## In Maths we will be extending our knowledge of:

- Converting mass and time
- Multiplication and division
- Square and cube numbers

## In Science we will be learning about:

- Forces, within our topic—  
Feel the force!

## In History we will be:

- Using a range of artefacts and photographs to find out about the Ancient Egyptians.
- Discovering what life was like for different social groups in Ancient Egypt.
- Identifying the importance of the River Nile to the An-

## In Geography we will be:

- Discovering what a river is and how it is formed.
- Exploring the significance of vocabulary related to rivers (meander, estuary, source, glacier, oxbow lake...)
- Discovering how a river is always changing, exploring the 3 stages of a river.
- Investigating a UK settlement built alongside a river, exploring the advantages and disadvantages of this for the people who live there.
- Comparing the River Nile to other large rivers worldwide.
